GENERAL DISPUTES POLICY

With respect to any disputes which may occur with respect to an exhibitor at the show, such disputes shall be handled by the appropriate Livestock Committee (the "Committee") in accordance with the following:

1. An exhibitor may file a protest with respect to another exhibitor for violation of the rules and regulations of the Committee and/or the International Association of Fairs and

Expositions (IAFE) National Code of Show Ring Ethics by submitting a written protest (a “Protest”) on a form (the “Protest Form”) which will be available at the Agribusiness Department. The Protest must include the exact basis, cause and description of the dispute, the name of the protesting exhibitor, the name of the exhibitor being protested, and any materials in support of the Protest as well as any other matters which may be required in the Protest Form, and shall be accompanied by payment of \$50 which shall be refunded only if the Protest is sustained by the Committee. The Protest Form must be signed by the exhibitor (as the protesting exhibitor), and if the exhibitor is a minor, the Protest Form must also be signed by the exhibitor’s guardian or parent, unless the parent or guardian is not available under circumstances that warrant, as determined by the Agribusiness Department in its sole discretion. Failure to properly sign the Protest Form shall deem the Protest Form incomplete and a nullity, and in such event, the Protest will not be considered. Any Protest must be submitted (and received by the Agribusiness Department) at least two (2) hours prior to the time that the show is scheduled to occur in order to be considered prior to the show. If a Protest is submitted less than two (2) hours prior to the time that the show is scheduled to occur (“a “Late Submittal”), then the Committee will handle the Protest after the show in accordance with its rules and regulations and the IAFE National Code of Show Ring Ethics, but the Late Submittal shall not affect the award of ribbons for the show. In order to minimize disruption to the show, an exhibitor who intends to file a Protest should do so at the earliest feasible time. In any event, a Protest must be filed with the Agribusiness Department prior to the scheduled release hour for the protested exhibitor’s animal in order to be considered.

2. The Agribusiness Department will forward any Protest Form which is duly signed (by an exhibitor as the protesting exhibitor, and if the exhibitor is a minor, the Protest Form must also be signed by the exhibitor’s guardian or parent), and any accompanying materials submitted by the protesting exhibitor in support of the Protest to the Committee for its consideration. The Agribusiness Department will also notify the exhibitor being protested of the Protest as soon as reasonably practicable after the Protest has been duly submitted, and make available a copy of the written Protest to the exhibitor being protested. The exhibitor being protested may, but shall not be required to, provide a written response to the Protest (a “Response”) by submitting a Response to the Agribusiness Department, including any materials in support of the response to the Protest, and the Agribusiness Department shall provide the Response to Committee. A Response shall be on a form obtained from the Agribusiness Department, and must be signed by the protested exhibitor, and if the protested exhibitor is a minor, the Response must also be signed by the protested exhibitor’s guardian or parent, unless the parent or guardian is not available due to circumstances that warrant, as determined by the Agribusiness Department in its sole discretion. The Agribusiness Department shall make available a copy of the Response to the protesting exhibitor upon request by the protesting exhibitor, but it shall be the protesting exhibitor’s responsibility to monitor the Protest and to obtain a copy of the Response. The Agribusiness Department will attempt to notify the protesting exhibitor and the exhibitor being protested of the time of the Committee’s review and consideration of the Protest by calling their respective cell phone numbers if provided on the Protest Form and/or the Response Form, but it shall be the protesting exhibitor and

protested exhibitor’s responsibility to monitor the Protest and obtain the time of the Committee’s review and consideration of the Protest and to be available at the time scheduled for the Committee’s consideration of the Protest. For any Late Submittal, the Committee will handle the process for review of the Protest after the show.

3. The Committee members present will review the Protest and the Response, if any, in the context of its rules and regulations and the IAFE National Code of Show Ring Ethics, and will make a decision to resolve the Protest by a majority of the Committee members present. In the event of a tie vote, the Protest shall be deemed denied by the Committee. The decision of the Committee will be final.

4. The Committee also may apply and enforce its rules and regulations and the IAFE National Code of Show Ring Ethics, with respect to exhibitors at the show.

5. By entering the show, all exhibitors, and their respective parents and/or guardians, shall be deemed to have acknowledged and accepted this General Disputes Policy.

IAFE (INTERNATIONAL ASSOCIATION OF FAIRS AND EXPOSITIONS) NATIONAL CODE OF SHOW RING ETHICS

Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the "IAFE National Code of Show Ring Ethics," fairs and livestock shows may have rules and regulations which they impose on the local, county, state, provincial and national levels.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

1. All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership and age of all animals entered. Misrepresentation of ownership, age, or any facts relating thereto is prohibited.
2. Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.
3. Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.
4. Animals shall be presented to show events where they will enter the food chain free of drugs. The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter, trainer and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animal's performance or appearance at the event.

If the laboratory report on the chemical analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample or urine, saliva, blood, or other substance tested by the approved laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise at any hearing in regard to the matter conducted by the fair or livestock show.

At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications shall be administered by a licensed veterinarian.

5. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or irritant substance) which could affect the animal's performance or alter its natural

contour, confirmation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.

6. The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.

7. Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.

8. No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.

9. The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.

10. The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have any disciplinary action taken by the fair or livestock show for violation of this Code of Show Ring Ethics and any other rules of competition of the fair or livestock show without recourse against the fair or livestock show. The act of entering an animal is the giving consent that any proceedings or disciplinary action taken by the fair or livestock show may be published with the name of the violator or violators in any publication of the International Association of Fairs and Expositions, including *Fairs and Expositions* and any special notices to members.

11. The act of entering of an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read the IAFE National Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

ATTENTION: YOUTH RABBIT AND PRE-JUNIOR RABBIT SHOW EXHIBITORS

It was recently brought to our attention that there is a situation in Florida with RHDV2. This does not impact our Fair at this time, however, it does affect exhibitors who are needing to purchase rabbits for the upcoming fair season.

With that being said, for the 2022 Florida State Fair, we will be extending our ownership deadline for the Youth Rabbit Show and Pre-Junior Rabbit Show only.

We understand the quarantine will be lifted on December 17th so breeders will again be able to sell rabbits to exhibitors.

For the 2022, the Youth Rabbit Ownership deadline will be **December 23rd**. On the entry forms that are due on or before December 10th, please indicate **“PENDING”** for your animal entry. We will not need the required information when you submit your entry form.

You must contact the Show Secretary by **December 31st, 2021** with the FINAL information for your “Pending” rabbit. We will need the required information on the rabbit (Breed, Ear Tag, Variety, Age, Class, etc.) by **December 31st**.

Please email Cheryl Thompson – cher2Lyn@gmail.com with all the updated information.

If this information is not received by the 31st, the Pending Rabbit will be deleted from the Show and no refunds will be given.

Please let us know if you have any questions or need assistance – AG@FloridaStateFair.com

Thanks so much!!
